

# Upsilon Tau Chapter Annual Report

Van Riley, Basileus 10'  
Upsilon Tau

This report is a summary of events for Upsilon Tau for the fiscal year – **November 1, 2021 to October 31, 2022.**

- Photos will be forthcoming – We are gathering our gallery and sifting through photos taken from the following events.
- We had no chapter brothers enter Omega Chapter this past fiscal year. AMEN
- We did reclaim one brother, **Edward McCormick**

## EVENTS

1. Participated in Juneteenth event in Mansion Square Park, Poughkeepsie New York on Saturday **June 18<sup>th</sup>** 2022. Our chapter donated back to school items, winter clothes (coats, hats, scarves, gloves, and socks), stuffed dolls gathered from our, 'Recycled Smiles Initiative'
2. We hosted the corridor V BBQ on **August 6<sup>th</sup>, 2022** at Bowdoin Park in Wappingers Falls NY. The following Chapters donated to the event,

1. Kappa Omicron	8. Chi Rho
2. Epsilon	9. Phi Nu
3. Beta Alpha Alpha	10. Xi Lambda Lambda
4. Psi Lambda Lambda	11. Sigma Beta Beta
5. Omicron Iota	12. Upsilon Tau (host)
6. Xi Phi	13. Nu Tau (check directly to Woodhouse)
7. Nu Omicron	

3. YT was represented at the conclave as delegates – Bro. Lee Isabell, Vice Basileus and Bro. Damon Brooks, Keeper of Records and Seals.

4. YT also completed mandated programs-Blood drive, Social action with the completion of aforementioned programs/activities

5. The goals for Upsilon Tau this coming year is to have an even stronger footprint in the local community, and throughout the Hudson Valley. We look forward to participating in MSP This Spring and bringing in strong brothers prepared and willing to do the work of OMEGA.

In closing, the Men of Upsilon Tau remain enthusiastic about the year ahead, and all opportunities to serve and represent our chapter, and the fraternity with all of our blood sweat and tears.

That said, we do have concerns about the increasing financial commitments from IHQ. We would look for the more opportunities to generate revenue for the chapter to uphold to our commitments in every area.
